*Strategy meets structure.
Legacy meets leverage.*

He does not consult. *He architects* what Africa becomes.

Thinker. Builder. Human Capacity Developer. Capital Architect.

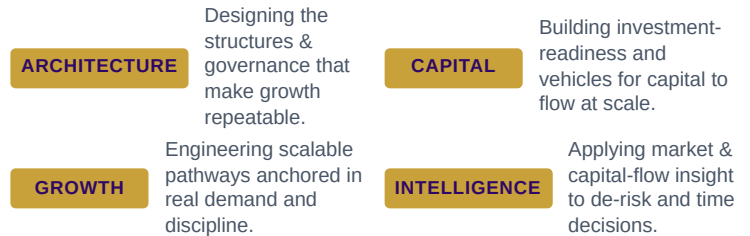

ABOUT ABLE

Able Ejiofor is Africa's foremost capital architecture and growth strategy authority. As Founder of Honvia Limited and Convener of The Funding Summit, he designs the systems that turn Africa's latent potential into compounding, generational growth. His thesis: Africa is not short of resources — it is short of structured systems and the people trained to build them. Across 12+ countries he scales ventures, repositions SMEs, and guides cross-border investment under the AfCFTA framework.

SIGNATURE FRAMEWORKS

AGA-CI African Growth Architecture + Capital Intelligence

A dual-engine model for enterprises that are structurally sound and capital-ready — closing the gap between Africa's businesses and the capital that cannot currently find them.

ASCENDS Strategic Leadership Framework · Seven Pillars

The leadership operating system behind Able's training and advisory — the disciplines that separate leaders who plateau from those who compound.

SIGNATURE KEYNOTE TOPICS

— Africa's Growth Is a Systems Problem, Not a Vision Problem —

Entrepreneurs · SME Conferences · DFI Forums

— Discipline-Driven Capital: Raising in the New Investment

Climate — Investment Forums · DFIs · Accelerators

— From Hustle to Institution: Building Businesses That Last —

Corporate Retreats · Founder Summits
